## **Acceptable Use Agreement for Internet and Other Electronic Resources**

Adventist Christian Academy recognizes the value of computer and other electronic resources to improve student learning and enhance the administration and operation of its school. To this end, the school administration encourages the responsible use of computers; computer networks, including the Internet; and other electronic resources in support of the mission and goals of Adventist Christian Academy.

Because the Internet is an unregulated, worldwide vehicle for communication, information available to staff and students is impossible to control. Therefore, Adventist Christian Academy adopts this policy governing the voluntary use of electronic resources and the Internet in order to provide guidance to individuals and groups obtaining access to these resources on Adventist Christian Academy owned equipment.

### *Adventist Christian Academy Rights and Responsibilities*

It is the policy of Adventist Christian Academy to maintain an environment that promotes ethical and responsible conduct in all online network activities by staff and students. It shall be a violation of this policy for any student, or other individual to engage in any activity that does not conform to the established purpose and general rules and policies of the network. Within this general policy, Adventist Christian Academy recognizes its legal and ethical obligation to protect the well-being of students in its charge. To this end, the Adventist Christian Academy retains the following rights and recognizes the following obligations:

1. To log network use and to monitor fileserver space utilization by users, and assume no responsibility or liability for files deleted due to violation of fileserver space allotments.
2. To remove a user account on the network.
3. To monitor the use of online activities. This may include real-time monitoring of network activity and/or maintaining a log of Internet activity for later review.
4. To provide internal and external controls as appropriate and feasible. Such controls shall include the right to determine who will have access to Adventist Christian Academy owned equipment and, specifically, to exclude those who do not abide by the Adventist Christian Academy's acceptable use policy or other policies governing the use of school facilities, equipment, and materials. Adventist Christian Academy reserves the right to restrict online destinations through software or other means.
5. To provide guidelines and make reasonable efforts to train staff and students in acceptable use and policies governing online communications.

### *Staff Responsibilities*

1. Staff members who supervise students, control electronic equipment, or otherwise have occasion to observe student use of said equipment online shall make reasonable efforts to monitor the use of this equipment to assure that it conforms to the mission and goals of the Adventist Christian Academy.
2. Staff should make reasonable efforts to become familiar with the Internet and its use so that effective monitoring, instruction, and assistance may be achieved.

### *User Responsibilities*

Use of the electronic media provided by Adventist Christian Academy is a privilege that offers a wealth of information and resources for research. Where it is available, this resource is offered to staff, students, and other patrons. In order to maintain the privilege, users agree to learn and comply with all of the provisions of this policy.

### *Acceptable Use*

1. All use of the Internet must be in support of educational and research objectives consistent with the mission and objectives of the Adventist Christian Academy.
2. Proper codes of conduct in electronic communication must be used. In news groups, giving out personal information is inappropriate. When using e-mail, extreme caution must always be taken in revealing any information of a personal nature.
3. Network accounts are to be used only by the authorized owner of the account for the authorized purpose.
4. All communications and information accessible via the network should be assumed to be private property.
5. Subscriptions to mailing lists and bulletin boards must be reported to the system administrator. Prior approval for such subscriptions is required for students.
6. Mailing list subscriptions will be monitored and maintained, and files will be deleted from the personal mail directories to avoid excessive use of fileserver hard-disk space.
7. Exhibit exemplary behavior on the network as a representative of your school and community. Be polite!
8. From time to time, Adventist Christian Academy will make determinations on whether specific uses of the network are consistent with the acceptable use practice.

### *Unacceptable Use*

2. Any use of the network for commercial or for-profit purposes is prohibited.
3. Excessive use of the network for personal business shall be cause for disciplinary action.
4. Any use of the network for product advertisement or political lobbying is prohibited.
5. Users shall not intentionally seek information on, obtain copies of, or modify files, other data, or passwords belonging to other users, or misrepresent other users on the network.
6. No use of the network shall serve to disrupt the use of the network by others. Hardware and/or software shall not be destroyed, modified, or abused in any way.
7. Malicious use of the network to develop programs that harass other users or infiltrate a computer or computing system and/or damage the software components of a computer or computing system is prohibited.

12. Downloading, copying, otherwise duplicating, and/or distributing copyrighted materials without the specific written permission of the copyright owner is prohibited, except that duplication and/or distribution of materials for educational purposes is permitted when such duplication and/or distribution would fall within the Fair Use Doctrine of the United States Copyright Law (Title 17, USC).
